For Nano

*Every day I wake up
I think of you and smile
Put one foot before the next
And go that extra mile*

*You showed us love and kindness
And patience without end
To see the good in everyone
To make time, To be a friend.
So it's not enough to miss you
I must honour all you've done
For when I walk that "extra mile"
I feel us walk as one.*

Always missing you, Always loving you, Always with you
