Silk-postcard production became a huge industry during the First World War. Parisian factories made silk-embroidered postcards that became a very popular item for English, Canadian, and American soldiers stationed on the Western Front to purchase and send home to their wives and girlfriends, like the one shown above from soldier Charles Hurst in the British Expeditionary Force and sent to his wife, Elizabeth, in 1916.

Photo courtesy of A. Singh (1916 silk postcard and tag from private militaria collection)

## Give Them The Gift of...
