

Drive SAFE continues

As part of the Drive SAFE (Safety Awareness for Everyone) campaign in March, police in Milton and Halton Hills will be conducting rigorous traffic enforcement at 25 high risk locations throughout both towns. The locations include municipal and regional roads targeting drivers who disobey signs, speed in school zones and community safety zones.

Every month, target locations will change according to

complaints that are received and the changing conditions on the road network. If you would like to report a traffic concern in Milton or Halton Hills, call 905-878-5511 or visit www.haltonpolice.ca/PRC/Pages/TrafficComplaints.aspx.
