Sterling Dental opens in Georgetown

Sterling Dental, a professional dental company, has expanded its practice with the opening of its newest location in Georgetown on Saturday, Feb. 27.

The company currently operates in six locations in the GTA, including Georgetown. The dental operation provides advanced dental care and treatment to patients including: pediatric care, orthodontics, cosmetic dentistry, implants, oral surgery and root canal therapy.

But Sterling Dental is much more than a dental practice. At the heart of Sterling Dental's success is its mandate to give back to the community it serves.

We are extremely grateful to our patients for their support, as when you choose to become part of the Sterling Dental family, you are making a conscious choice to give back to your community, stated Sterling Dental in a press release. With your support, we at Sterling Dental have spent the past 23 years giving back to many community programs and have been actively

involved in encouraging, mentoring and sponsoring our youth to reach their full potential! We are committed to using our time and resources to grow and strengthen our community, as we believe with absolute certainty that when the community is growing and thriving, every person and business within it will too!

Georgetown is the perfect fit for Sterling Dental's community-based approach, and they were excited to have the grand opening at 378 Mountainview Rd. S. at Danby Rd. by the CIBC branch.

With friendly staff, state-of-the-art dental equipment, a spacious office that includes a PlayZone for kids (the largest of its kind in the GTA), Sterling Dental is excited to serve Georgetown the same way it has served Brampton over the years.

You can reach the Georgetown office at 905-877-2828 to book an appointment or to find out more about our services. Our Facebook page is www.facebook.com/sterlingdentalgeorgetown.
