Dodge continues to answer enthusiast demands with the latest heritage-inspired exterior paint colour like Go Mango on Charger and Challenger SRT models.

Dodge offers heritage colours on Challenger, Charger

Plum Crazy purple, B5 Blue and Sublime green Dodge Charger and Challenger muscle cars have recently been streaming out of FCA's Brampton Assembly Plant, bringing a sense of nostalgia and powerful bursts of high-impact paint colour to highways and drag strips across North America.

Now, new for spring 2016 Dodge is expanding its colour palette with a new, modernized version of Go Mango exterior paint on 2016 Dodge Challenger and Charger SRT models.

Dealers can begin ordering Go Mango immediately.

Go Mango was first introduced by Dodge on the iconic 1970 Challenger.

Following a limited production run in 2006 on specific Charger R/T Daytona models, and more recently featured on the 2016 Dodge Dart, the next generation of the legendary and limited-edition exterior hue combines orange and red tones into a high-impact colour that showcases the legendary Dodge performance attitude.
