

Halton Hills fire department responds to wires dangling, on fire

Thanks to last week's storm, some electrical lines in town needed some fixing.

On Thursday, March 24 at around 8 a.m., the local fire department responded to the report of wires dangling in the area of Delrex Blvd. and Garnet Dr. Halton Regional Police and Halton Hills Hydro were on scene upon arrival. Fire crews blocked the road and set up a safe perimeter until the power was shut down.

Almost 12 hours later, another report came in for wires hanging in the area of

27 Sideroad and Eighth Line. Halton Regional Police were on scene upon arrival.

Fire staff checked the hydro wires from the roadway to the home and could only find one small tree branch that was in contact with the wires but there was no arcing or issue of any kind that they could see. The scene was left in hands of police.

Five minutes later, firefighters responded to the report of wires on fire in the area of Dublin Line and Hwy. 7 in Acton.

On scene staff determined that an iceladen tree branch had contacted one of the power lines on the road and burnt some pieces off onto the ground. There was no fire or smoke. The scene was left in the hands of Halton Hills Hydro.

The next day, at around 1:30 p.m., the crew responded to the report of wires down/arcing on Third Line. On scene staff found a neutral wire that was pulled down by a tree limb. Fire staff remained on scene until Hydro arrived.
