Special pullout section

8 Pages

Mother's Day is coming up this weekend and Reds Garden Centre owner James Wegenast has a wide variety of spring annuals ready for sale at the Acton-based nursery and landscape supply depot. Trees, flowering shrubs, hanging baskets and planters, soil, mulch and compost are just some of the items on site to help maintain or spruce up your garden or property. Reds Garden Centre is located on Hwy. 25 about two kilometres south of Acton. Customers can also order landscape materials online and have the product delivered. For more info visit [www.redsgardencentre.com](http://www.redsgardencentre.com)
