Sheridan Nurseries gets national award

Sheridan Nurseries, Canada's largest garden centre retailer and grower, has received the prestigious accolade of one of Canada's Greenest Employers by Mediagroup Canada, for its continued commitment to the environment and sustainability.

Karl E. Stensson, CEO & President at Sheridan Nurseries said: Receiving the Canada's Greenest Employers award is an outstanding honour for Sheridan Nurseries. This award is a result of passion, commitment and dedication by our entire team to achieve our environmental goals in all areas of our business. As a company that was founded on outdoor plants, our standards of ex-

cellence for everything green is a reflection of our company values for over 100 years.

Mediagroup Canada pointed to Sheridan's Little Digger program to introduce children to the plant life-cycle, the Growing-up Green school outreach program and the LEAF program to highlight native plant species.

It also cited Sheridan's construction of a massive water recapture pond to collect rainwater and water run-off from its growing operations the 117-million-litre pond naturally filters water through a series of settling ponds and has significantly reduced the company's water draw from local sources.
