## ... Lend Me Your Ears

### GETTING USED TO NEW HEARING INSTRUMENTS

Part 2

If you are having difficulty with the hearing instruments, or do not like the sound quality, discuss it with your Hearing Practitioner. Chances are there are adjustments that can be made to the instruments to accommodate your complaint.

Remember that you are not alone. There are millions of people with hearing loss, and as the Baby Boomers age, the numbers grow. It is nothing to be ashamed of, and there are many treatment options available to you in these modern times.
