Town holds walking tours for Mature Neighbourhoods Study

The Town of Halton Hills initiated the Mature Neighbourhoods Character Study in March 2016 to examine whether the Town's zoning by-law is effective in maintaining the character of our mature neighbourhoods. The study responds to increased pressure for large scale home rebuilds that are sometimes referred to as monster homes.

As part of the public engagement strategy for the study, the Town is hosting a series of walking tours of local mature neighbourhoods to better understand public concerns and perspectives related to the issue. Residents are invited to join Town staff on a neighbourhood walking tour to share their input about what they value about the character of their neighbourhoods. All are welcome.

The tours will be hosted on the following dates:

- Georgetown GO Station District
Wednesday, June 8; 1:30-2:30 p.m. Meet at Durham St. Park
- Georgetown Park District
Wednesday, June 8; 5:30-7 p.m. Meet

Input from residents is a critically important component of this study so I encourage as many people as possibly to participate, said Mayor Rick Bonnette. We are committed to preserving the beauty and character of our town. Council is always open to review particular circumstances and consider any changes to policy, procedures or bylaws that may be required to ensure the unique character of our community is maintained.
