HHFD weekly safety message

Never leave a child or a pet in a vehicle on a hot summer day. It takes only minutes for a child or pet left in a vehicle on a warm day to succumb to heatstroke and suffocation.

Most people don't realize how hot it can get in a parked car on a balmy day.

However, on a 25 degree day, temperatures in a car parked in the shade can exceed 32 degrees and hit a scorching 71 degrees if parked in the sun!
