The Brooks Family

In late 2009, Chris & Nathalie Brooks decided it was time to take charge of their family's future. With Chris technical know-how and Nathalie's entrepreneurial spirit they set out to buy a truck and set up an office in the basement of their home.

With strong branding and Chris' excellent local reputation their business took off and in no time were able to hire additional staff. Currently Brooks Heating & Air has 4 service trucks and in 2013 moved their operation into a commercial business space on Sinclair Ave.

Brooks Heating & Air prides itself in supporting youth by hiring co-op students at both high school and college levels.

Growing every year, they have consistently maintained their value of Family First, whether it's building a future for their 2 sons, supporting their staff or providing their customers comfort in their homes, family is why they do what they do!
