

Georgetown resident Nick Boere thought this doe was going to hop the fence into his backyard pool late last month. After a few minutes sniffing around, the deer wandered away.

Mary St. resident finds deer cooling off in backyard

A Mary St. resident found an uninvited guest in his backyard recently hanging out by the pool, apparently seeking some relief from the scorching spring temperatures in southern Ontario.

Nick Boere, whose property backs on to the Dr. Claude V. Williams Woodlot near Georgetown Hospital, said the fe-

male deer stayed in the yard for about 20 minutes in a shaded area beside the pool.

It's just the second time since the family moved into the home in 1989 that they'd seen a deer in the backyard.

The woodlot was cleared of several hundred trees by the Region of Halton in May 2015.
