Local McDonald's honours employees with \$1,000 scholarship

Owner/operators Tim and Casey O Connor of McDonald's Restaurants in Georgetown, Acton and Brampton (Williams Pkwy. & Mississauga Rd.) recently awarded an employee from each of their restaurants with a \$1,000 scholarship.

Brad Bruder of Georgetown, Mitchell Pengelly of Acton and Sydney Hussett-Richardson of Brampton were the recipients.

The scholarship program recognizes em-

ployees who make a difference on the job, at school or in their community as they pursue their post-secondary education at a Canadian university, community college or trade and business school.

Since the program began with McDonald's more than 20 years ago, more than 4,000 Canadian employees have shared in McDonald's scholarship awards, totaling more than \$3.2 million.

Retirees go crazy for new hearing aid

At last. The hearing aid that thousands have wanted is now available.

The latest digital hearing aid technology is totally invisible when worn. It offers retirees the opportunity to defy hearing loss by compensating for your individual hearing loss in all situations, day and night.

Nobody can see it because it fits snugly and comfortably in your ear canal and uses the ear's natural acoustics for natural sound quality.

Everything works automatically. There are no controls to worry about so there's no need to keep fiddling and adjusting settings.

You can start enjoying life again as you concentrate on hearing, rather than thinking about your hearing aid.

These latest digital hearing aids continuously analyze incoming sounds and adapt to each individual situation, so you always get the best hearing possible. Even in background noise.

When speech and conversation sounds are detected, the sound is automatically increased at different frequencies so you can hear and understand it clearly, not just loudly.

You get all the benefits you want in a digital hearing aid without the obvious sign that you are wearing one because it's completely invisible in most ears.

A hearing test takes less than 60 minutes, you don't need a doctor's referral, and there's no cost or obligation whatsoever. Call now to try these hearing aids for yourself!
