

Retirees go crazy for new hearing aid

At last. The hearing aid that thousands have wanted is now available.

The latest digital hearing aid technology solves the biggest challenge for hearing aid wearers—hearing well in noisy environments.

Nobody will notice it because of its minute size, fitting snugly and comfortably just behind your ear.

Everything works automatically. There are no controls to worry about and adjustments are easy to make—even from your smart phone. So you can get back to enjoying your relationships, rather than thinking about your hearing.

Because these new hearing aids collect and digitally processes natural, 360 degree sound thousands of times per second, they have been shown to reduce the

strain that effortful-listening puts on the brain and even to improve recall from conversations in noisy listening environments. In fact, these hearing aids improve speech understanding in background noise 30% better than even the previous top-of-the-line hearing aids.

Hearing professionals are celebrating the biggest advancement in 30 years of fitting hearing aids and patients credit it with providing a substantial improvement in their ability to communicate in large groups and noisy social settings.

A hearing test takes less than 60 minutes, you don't need a doctor's referral, and there's no cost or obligation whatsoever. Call now to try these hearing aids for yourself!

Former mayor of Halton Hills, Russ Miller, dies

The second-longest-serving mayor of the Town of Halton Hills passed away Wednesday at his home in Wasaga Beach.

Russ Miller succumbed to cancer after a brief but courageous battle at the age of 84 with his family by his side.

The Limehouse native served as mayor for the municipality from 1983-94 after first being elected to public office as a school board trustee.

Miller was proud of the fact that taxes did not increase during his final three years as mayor and received a standing ovation following the final Council meeting he chaired in November 1994.

He was praised as a hard-working mayor who led Council through many difficult debates and kept in touch with the public. He was named Georgetown's Citizen of the Year in 1994.

Miller also helped oversee the construction and opening of the Civic Centre in 1989, a move made to bring the various

municipal departments under one roof. He was on hand two years ago for the unsealing of a time capsule at the Maple Ave. building to mark its 25th anniversary.

Miller is survived by his wife Gerry of 64 years, along with children Randy, Laurie, Sherry, Brad (and Trev), grandchildren Rachel (Todd), Reanne, Ryan (Jess), Chad (Amy), Co-

rey, Zak and Abby, as well as great grandchildren Jack and River.

As per his request, there will be no funeral service and cremation has taken place.

In lieu of flowers, donations can be made to the Canadian Cancer Society or to a charity of choice.
