Good time to purchase new gear

By Cory Gentes Special to The IFP

The golf season is winding down now that September has crept up on us but there is still plenty of golf to be played.

We have the finish of the FedEx Cup with Brantford s David Hearn playing his way into this weeks BMW Championship.

The LPGA is playing its last major of the year in France next week with Brooke Henderson hoping to make it a two-major season. I am also looking forward to one of my favourite events in The Ryder Cup with Europe looking to continue there recent domination of the U.S. squad.

Locally we have some great weather to get out and enjoy some great fall golf and maybe try out some new equipment.

This time of the year is when retailers start to move out the current year s product so it is a great time to pick up a new wedge or putter, maybe grab that GPS or laser unit you have been looking at or even get fit for a new set of irons.

A student of mine recently asked how he should create a certain shot distance using the clubs he had. With a quick look in his bag

I realized he wasn t carrying a gap wedge so quickly recommended he pick one up. Making a full swing with a club is much easier than trying to lay off or step on a longer or shorter club.

From the Ground

Having another wedge in the bag also gives you more options around the green. Take a look in your bag and see if there is a tool you are missing or maybe just need to update and wander by your local golf retailer for a look.

This will be my last tip for the season so I hope you have enjoyed my scratchings as much as I have enjoyed bringing them to you. Have a great fall playing golf and remember if you like to keep your game in shape over the winter there are plenty of places to keep swinging it!

A couple of Georgetown Impact volleyball players did some moonlighting recently as representatives of Halton at the Ontario Summer Games in Mississauga. Incoming Grade 9 GDHS students Ryan Harris (left) and Gavin Conroy picked up gold and bronze medals, respectively, in the under-14 boys volleyball indoor playdowns. Harris, usually an outside hitter for the Impact, helped Region 3 Black defeated Region 5 Red (Toronto area) in the final, while Conroy, who plays the middle position for the Impact, was a key contributor to Region 3 Red s triumph over Region 5 Black for third place.
