

TOWN DIGEST

THEN THERE WERE THREE

At press time, just three candidates - an incumbent

and two rookies - had filed nomination papers in the October 2014 municipal election in Halton Hills.

Incumbent Georgetown Councillor Dave Kent-

ner is seeking re-election in Ward three, filing his papers on January 2, the earliest possible date.

In Ward four, Waldo Paquette also filed his papers on January 2 for one of two local seats current-

ly held by Councillors Bob Inglis and Ann Lawlor.

On Monday, Rob Bol-eychuk of Glen Williams filed his nomination papers for one of two Ward Two rural seats on Monday currently held by Councillors Bryan Lewis and Joan Robson.

Nominations close September 12.

ACCESSIBILITY ENHANCEMENTS

The Town's Accessibility Committee will train visually impaired people to use the new Accessible Pedestrian Signals (APS) at Acton's Main and Mill Street intersection.

Prior to Christmas, on each corner, crews installed new waste-high "stub poles" which will be equipped with pushbuttons. Matt Roj, the Town's Transportation Coordinator said pole locator tones will help visually impaired people find the pushbuttons on the poles.

To activate the APS, the pushbutton must be held for three seconds and audible sound then confirms the system is working. During the "Walk" indication signal, a tactile

arrow on the pushbutton vibrates, and an audible sound is made for north/south and east/west crossings.

The Town is waiting for delivery of the pushbuttons and Roj hopes the APS system is in operating before the end of February.

Participating in municipal politics is easier for people with hearing disabilities now the Town offers assisted hearing devices for use in the Civic Centre council chambers.

Working through a wireless FM transmitter, or through a personal hearing aid, the assistive listening

devices provide amplified sound while blocking background noise.

Devices are signed out by the Clerk.

FROZEN FUN: Skating for free was a family affair for the Bingham, including Zach (left) and Noah (right) of Erin, and grandparents David and Aileen of Georgetown last Thursday at Acton arena. - Frances Learment photo

Enhanced Bulk Brush Collection Services

Due to the volume of debris to be collected following the December ice storm, Halton Region is extending its enhanced bulk brush collection services **through to the end of February** to assist residents with cleanup.

- Residents in areas of Halton where yard waste is regularly collected can set out **one pile of unbundled bulk brush** on their regular garbage collection day.
- Residents and contractors can also drop off brush debris at the Halton Waste Management Site in Milton free of charge.

Extreme weather conditions may impact storm cleanup. We ask for your patience as cleanup will take several weeks. To assist with the cleanup, residents are asked to pile branches with a maximum of 7.5 centimetres (3 inches) in diameter and 2 metres (6.5 feet) in length on their regular garbage day.

Residents are also encouraged to investigate other services being offered in their municipality to assist with storm cleanup, and brush and debris removal.

Drop-off locations for larger brush are available in:

Burlington	Halton Hills	Acton	Milton
Lowville Park 6207 Guelph Line Lowville	Robert C. Austin Operations Centre 11620 Trafalgar Rd Georgetown	Acton Public Works Yard 1 Commerce Cres Acton	Mohawk Racetrack 9430 Guelph Line Campbellville

In addition to the enhanced brush collection, the three-bag garbage limit has also been lifted and will continue until January 31. Households can place up to six garbage bags without a tag for collection on their regularly scheduled day.

Thank you to residents across the Region for their patience as we continue to work to clean up after the storm and to the countless volunteers, community agencies, and emergency response teams who gave up their holiday plans to lend a hand.

Please contact us as soon as possible if you have any accessibility needs at Halton Region events or meetings.
