DEATH

NICHOLLS: Clifford George

The family of George Nicholls sadly announces his passing on Saturday, February 16, 2013, at the Credit Valley Hospital after a courageous battle with Lung Cancer. George was in his 72nd year and was the best friend and loving husband of Patricia (née Clark). He was the loving father of Michael (Sharon), Wendy Spurrell (Tim), Dawn Pulver (Anthony) and Rosanne Nicholls and the very proud Poppa of Nicky, Jesse, Kaleigh, Crystal and Courtney. He is survived by his step-brother Wayne Hill, his sister Eleanor and was predeceased by his sister Shirley Scott.
George – we hold dear to our hearts the memories you have given us and you will be greatly missed.
 Cremation will be followed by a spring interment at Fairview Cemetery. Friends are invited to join the family to celebrate George's life in the Ladies Lounge of the Acton Legion on Saturday, March 2nd from 11.30 to 2.00 p.m. Remembrances to the Cancer Assistance Services of Halton Hills would be appreciated by the family. IN MEMORIAM
CAROLINE SEADS
July 30, 1983 - Feb 21, 2012
Lean on me,
when you're not strong.
And I'll be your friend,
I'll help you carry on
For it, won't be long
'Til I'm gonna need
Somebody to lean on.
 Love You Randy Travis
 The Girls
In memory of
CAROLINE SEADS
Feb 21, 2012
We thought of you today,
but that's nothing new.
We thought about you yesterday
and days before that too.
We think of you in silence.
We often speak your name.
All we have are memories
and a picture in a frame.
Your memory is a keepsake
from which we'll never part.
God has you in his arms.
We have you in our hearts.
 Love always
 Jason, Samantha, Dylan,
 Dawson, Ryder

Can diet pop cause weight gain?

For decades, people have turned to diet soft drinks as a healthier alternative to regular soft drinks. However, consuming diet pop on a regular basis may have some serious health ramifications, including weight gain. It may seem counterintuitive to suggest that diet pop may be causing people to gain weight, particularly because these sodas are commonly consumed by people who are trying to lose weight. However, artificial sweeteners found in some diet pops may increase a person's risk of obesity. It's not entirely what you are eating that can cause weight gain but what the body thinks it

is eating (or drinking) that plays a role. Drinking diet pop regularly may affect cardiovascular health – people who drink diet soda every day have a 61 percent higher risk of vascular events than those who reported no soda consumption. Regular pop isn't a better alternative as it can contribute to weight gain and cardiovascular issues as well as an increased risk for diabetes. Nutritionists and doctors have advised that instead of adding artificial sweeteners to water and other beverages, flavour them with lemon or lime juice. Instead of drinking diet soda, opt for unsweetened tea or plain water. Although diet soda may seem a likely option to help curb calories and prevent weight gain, such beverages may actually be having an adverse effect on a person's weight.
