Changes at Halton Learning Foundation

Halton Learning Foundation, the charitable foundation supporting students and schools within the Halton District School Board, has named Karmel Sakran, of Green Germann Sakran Law Offices, as Board Chair, replacing Jamie Schumacker, President of I'm Inspired, who has completed his term.

Each year, Halton Learning Foundation provides emergency assistance to students-in-need through the Eliminating Barriers Fund, as well as in-school enrichment funding and scholarships – all in an effort to increase student engagement in school and to level the playing field for students region-wide. Our Corporate and Individual donors have partnered with Halton Learning Foundation to improve the educational experience for all students, thus enabling Halton Learning Foundation to grant, to date, over \$2-million to HDSB students and schools," said Pat Wright, Executive Director, Halton Learning Foundation, adding "It is with great appreciation and pride that I serve on the Board of the Halton Learning Foundation.

He said the most important resource for the community is youth. The Halton Learning Foundation provides an essential building block to ensure that children, particularly those in need, participate fully in the variety of learning opportunities existing in our schools.

The Halton Learning Foundation is the means for everyone in the community to support quality education for Halton District School Board students by providing emergency help for students in need, as well as providing enrichment funds and scholarships.
