The money more about what generously donated by Acton residents, businesses and organizations during Cancer Month will help fight cancer, one cell at a time, paying for life-saving research.

Investing in the best research has led to tremendous progress against cancer - the Canadian Cancer Society now knows more about what it develops, how best to treat it and how we can improve the quality of life of people living with cancer.

In 2011-2012, the Canadian Cancer Society funded more than \$46-million in leading-edge research supporting close to 300 projects across the country. The largest national charitable funder of cancer research in Canada is leading the fight.

Your donation will help:

- Fund groundbreaking research on all types of cancer
- Provide free information and support services for patients and caregivers
- Educate Canadians about cancer prevention and early detection of the disease
- Advocate for public policies that prevent cancer and help those living with it
