Town wins national award

A Sustainability Implications Worksheet program which produces tangible results by weighing the benefits and costs of options earned the Town a 2013 Environmental Award from the Canadian Association of Municipal Administrators (CAMA).

CAMA Ontario representative, Mississauga

CAO and City Manager Janice Baker delivered the award to Mayor Rick Bonnette on Monday, and said the national Environmental Award recognizes and encourages commitment to environmentally-sustainable government and combatting climate change.

“It is awarded to innovative programs,

programs, projects of services that have made a significant, positive impact on the environment,” Baker said, adding the Town’s Worksheet builds on its Green Plan and provides Council with information to make more informed decisions on social, environmental, economic and cultural wellbeing issues.
