Acton Curling Club unveils expansion plans

Plans for the renovation and expansion of the Churchill Road North Club, were unveiled to members at the annual general meeting last Thursday.

This presentation signals the end of Phase

One of the project which started five years ago. At that time the executive established a Building Renovation Fund and a ten-year program to expand their facility to accommodate the population growth in Halton

Hills (Acton/Georgetown) and become handicap accessible.

Phase One included a massive maintenance program to resolve many issues suffered by this aging facility. Phase Two includes the design, fund-

raising and financing for a construction project slated to start in 2018.

The proposal represents inclusion of ideas and requests submitted by the membership at large through a members input survey.
