

COME TO THE FAIR

"I like the Homecrafts because it is part of my background. I was a Family Studies teacher, so I like looking at the sewing and the cooking and baking."

Mary Anne Austin, Acton

What excites you the most about this weekend's Acton Fall Fair?

What do you not want to miss?

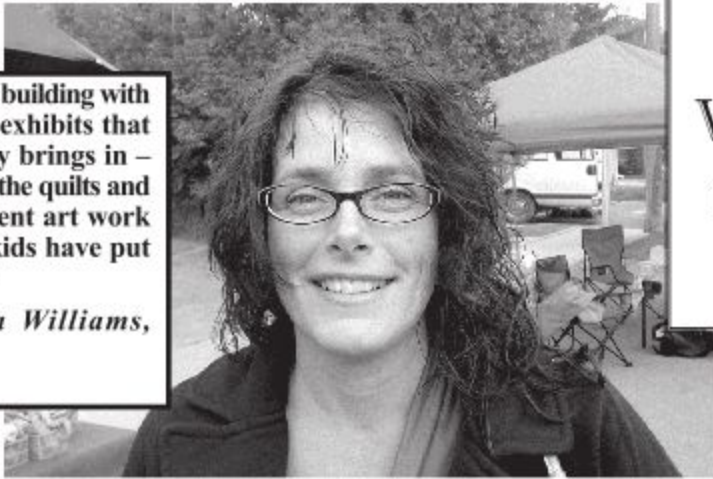

"We actually enjoy the midway, and we also enjoy going in (the Fair) building to see the exhibits that the children put on, and the handcrafts."

Janet Jenkins, Acton

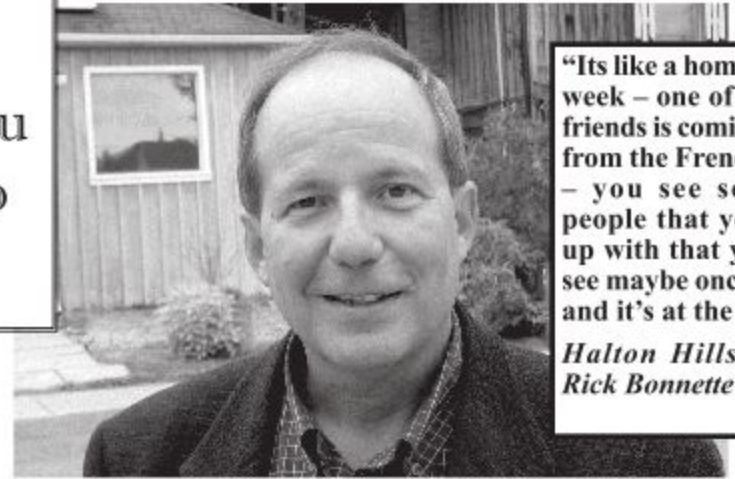

"I like the building with all of the exhibits that everybody brings in – especially the quilts and the different art work that the kids have put together."

Veronica Williams, Acton

"Its like a homecoming week – one of my best friends is coming down from the French River – you see so many people that you grew up with that you only see maybe once a year, and it's at the Fair."
