

CRIME STOPPERS

Harley heist
The theft of a \$15,000

Harley Davidson
motorcycle, reported

stolen from the side of the road where it had been left when it ran out of gas, is one of the featured crimes in this week's Crime Stoppers of Halton report.

Halton police said that

the victim was on his way to work on September 26 when he ran out of gas on Highway 25 in the 25 Side Road area. When the owner returned some 12 hours later, the bike was gone. It is black with

chrome accents, a custom straight drag bar handle, a stretch six-gallon custom tank, a custom plate cover with flames on the side. The bike had an Ontario plate – 969YM.

Anyone with information

on this, or any other crime, is asked to call Crime Stoppers at 1-800-222-8477, or visit www.haltoncrimestoppers.com, or by texting "Tip201" with your message to 274637.

NOTICE OF COMPLETION

Transportation Master Plan to 2031 - The Road to Change PR-2414

Background

Halton Region has completed a Transportation Master Plan – The Road to Change to develop a sustainable and integrated transportation plan that considers all modes of travel (automobiles, transit, cycling and walking) to the year 2031. The Transportation Master Plan was conducted in accordance with the master planning process following the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment process (October 2000, as amended 2007) which is an approved process under the Ontario Environmental Assessment Act.

The Process

The Transportation Master Plan provides the Region with the strategies and tools needed to manage traffic safely, effectively, and cost efficiently. This plan offers a range of transportation choices to meet the needs of Halton residents through Active Transportation, Transportation Demand Management and infrastructure related improvements. A key outcome of the study is a list of transportation projects that the Region can incorporate into its 20-year Roads Capital Program.

The Transportation Master Plan incorporates public, local municipal and agency comments received during the course of the study. While the Transportation Master Plan addresses need and justification at the broad level, more detailed studies for Schedule C projects included in the Transportation Master Plan will be completed in subsequent studies as per the Municipal Class Environmental Assessment process.

We would like to take the opportunity to thank those members of the Halton community who participated in the Transportation Master Plan project. Your time and input was appreciated. Copies of the Transportation Master Plan document are available for your information at the following locations and on the Region web site www.halton.ca/htmlp

Please provide all written comments to Halton Region by **Monday, November 14, 2011** (within 30 days of this Notice).

This Notice issued October 13/14 and October 20/21, 2011.

Bulk Waste Collection Completed for 2011

Bulk Waste Collection is now complete for 2011.

Bulk Waste Collection will resume in January/February 2012.

Large bulky items can be dropped off for disposal at the Halton Waste Management Site, 5400 Regional Road 25, Milton. The Halton Waste Management Site is open Monday to Saturday, 8 a.m. to 4:30 p.m. Standard disposal fees apply. Visit www.halton.ca/waste for a complete list of disposal fees.

Consider giving items in good condition to a reuse centre. Visit www.halton.ca/waste for a list of local reuse centres.

Metal & Appliance Collection

Metal and appliances are collected by appointment only. This service is not offered in Halton Hills collection areas 1 and 2.

Schedule your collection:

- Complete the online form at www.halton.ca/wastetools, or call Halton Region by dialing 311.
- Give a description of the material to be collected. You will be given a date for when your material will be collected and a confirmation number.
- On your metal and appliance scheduled collection day, place items at the curb by 7 a.m. and no sooner than 5 p.m. the evening before.

Be safe:

- Remove all appliance doors and place at the curb safely.
- Drain water from washing machines, dishwashers, etc.
- Place tall appliances such as refrigerators and hot water tanks flat on the ground.

Acceptable Metal & Appliances

- | | | |
|---|---|--|
| <input checked="" type="checkbox"/> Air conditioners | <input checked="" type="checkbox"/> Metal fences (dismantled, 1.2 m (4 ft) lengths maximum) | <input checked="" type="checkbox"/> Refrigerators (door removed) |
| <input checked="" type="checkbox"/> Barbeques (no propane tanks) | <input checked="" type="checkbox"/> Freezers (door removed) | <input checked="" type="checkbox"/> Refrigerated water coolers |
| <input checked="" type="checkbox"/> Metal bath tubs | <input checked="" type="checkbox"/> Furnaces | <input checked="" type="checkbox"/> Metal shower enclosures |
