unassisted, put Acton on the board. The second period saw Oakville go up 4 - 1 after a power play opportunity. Hard working Jake Cunningham put Acton on the board

again at the top of the third period to draw them within two. Goalie Justin Percy kept his composure with some great saves. The final score was 6 - 2 for Oakville.

MPP Arnott keeps up pressure on GTA West Corridor Study

Wellington-Halton Hills MPP Ted Arnott has followed through on the first step of his ten-point plan he presented during the recent election campaign concerning the Liberal government's controversial GTA West Corridor Study.

On October 20th, on the very day that Premier Dalton McGuinty announced his new cabinet, Arnott wrote to the new Minister of Transportation to ensure that people's concerns about a potential new highway are understood and heeded.

"This was a very significant issue in Wellington-Halton Hills

during the campaign," observed Mr. Arnott. "I put forward this ten-point plan so that the government will have to listen to our communities' concerns."

Arnott congratulated the new Minister, Bob Chiarelli, on his appointment, and informed him that his letter is the first step he is taking on this issue following the election; he also assured him that there will be more to come.

In August, Arnott predicted that there was likely to be a new Minister of Transportation following the election. He called on the government to suspend the GTA West Corridor

Study, pending a review by the new Minister. Just days later, the government put the brakes on the study, saying it would undertake further consultations.

The Alia Fashion Show was well attended with 74 people who enjoyed watching the 10 Acton Senior Centre members wearing the fall and winter collection. There were some lovely, warm fuzzy coats plus some very fashionable outfits to carry everyone from fall into winter. Jane McAllister won the 50/50. She will now have an extra \$65 to spend. That will help pay for the outfit she couldn't resist.

It was a very busy Friday lunch last week. Thirty five members enjoyed the salad, soup and an assortment of sandwiches followed by pie, fresh fruit and ice cream. Where else could you get such a delicious meal for \$7? We welcomed Marion Pascoe's daughters Lynne, Norma and Gayle to the Friday lunch. They placed three more leaves on the branches of our Looking to the Future trees in memory of their mother Marion Pascoe. They were placed

close to her husband Tom's leaf, placed there by his grandchildren and children last year.

The Travel Desk has several interesting trips planned during the next few months. They plan to see the Northern Festival of Lights on Tuesday, November 22, and on December 8, they will visit Toronto to see the Famous People Players theatre where they will enjoy lunch followed by the matinee performance of A Magical Time of Year. At the moment there is a waiting list for both trips, which shows how much interest there is in the day trips to various locations. On November 4, we will visit Mohawk for the dinner theatre.

We are starting to plan the Christmas Bazaar. There is a list up for donations needed for the lunch. If you can help please put your name on the list.

Did you know there is now a suggestion box at the Centre? Please feel free to put any comments or suggestions in it (signed of course). Please do not use it for urgent things that need immediate attention. The box is not opened every day.

On Wednesday, November 16 our social dinner will feature Music through the Decades. Kim Keaton will be entertaining us. On the menu is my favourite, ham and scallop potatoes with cauliflower and carrots, followed by pie and ice cream. I know this will be another enjoyable evening. The social dinners are open to non-members, so if you are looking for an enjoyable night out, purchase a ticket before November 15 at the front desk and join us.

Barb Weldon won the 50/50 last Friday. She won \$142. Don't spend it all at once Barb!
