Young woman dead following single-vehicle crash on Sixth Line

A 19-year-old Milton woman was killed in a single-vehicle accident near the Milton-Halton Hills border last Friday afternoon.

The crash occurred shortly after 1 p.m. on Sixth Line, north of Steeles Ave. A 2001 Nissan Sentra was traveling northbound on Sixth Line when it left the roadway to the east and landed on its roof.

The passenger was pronounced dead at the scene. The driver, a 25-year-old Halton Hills man, sustained minor injuries and was taken to Milton District Hospital as a

precaution and released.

The deceased's name will not be released at this time, Halton police said.

Sixth Line between Steeles and No. 5 Side-road was closed for several hours for the investigation.

The cause of the crash is still under investigation. Halton police's Collision Reconstruction Unit was on scene.

Witnesses of the crash or anyone with information is asked to contact Det. Constable Greg Cormier at 905-825-4747, ext. 5066.

Town adds Economic Development section to website

The Town's Economic Development section has been revamped on its website, which allows information to be searched in a more streamlined manner and makes it easier for prospective businesses to work with the Town.

The Town of Halton Hills's Economic Development Strategy states that, in order for Halton Hills to remain competitive in the development environment, there is a need to create a webpage that is easy to navigate and where information is easily accessed.

The vast majority of enquires for economic development information comes through the website, therefore it is essential

to provide a full spectrum of information with links to the Town's business partners. In addition, all printed materials produced must be able to be accessed on the Town's website.

The Town plays a strong strategic role to ensure Halton Hills attracts new investment and maintains existing businesses that helps maintain a viable local economy. The new Economic Development section allows for our information to be easily found, said Mayor Rick Bonnette.

The webpage can be found at www.haltonhills.ca/economicdevelopment/index.php
