

Quinta Quinoa/Katan Kitchens

Jamie Draves's passion and pursuit over the past 5 years was to produce a local Ontario quinoa that is better quality and higher protein than quinoa currently on the market. After quinoa helped Jamie through a health crisis in 2007, he decided to focus on researching and developing local Ontario Superfoods, specifically, Quinta Quinoa. I am proud of the fact that not only did we achieve producing a local, non-GMO quinoa that has almost twice the protein of any other quinoa on the market, we exceeded our own expectations, in a complete, exceptional nutrient profile! shared Draves. Quinta Quinoa was launched in 2016, and is the only quinoa to have 6 nutrient claims on the market. Quinta Quinoa's iron is 4 times the iron of other quinoa on the market, and also contains more iron than liver! Fiber, magnesium, calcium and zinc are all also 2-4 times the standard quinoa levels. Quinta Quinoa is expanding and can be purchased at HealthENut & Foodstuffs. We are expanding Quinta Quinoa nationally over the next year working with the company's promotional partner Vikram Vij after a deal was struck on Dragon's Den. Says Jamie For more information and to find a retailer near you, check out www.quintaquinoa.ca

PAULETTE CORMIER

LEARNING DISABILITIES & AUTISM

Specializing in Developmental Tutoring/Therapy

Paulette Cormier, B.A., B.Ed., is a developmental tutor/therapist who supports children with learning disabilities, autism spectrum disorder and other neurodevelopmental delays.

She uses her knowledge and experience as a teacher along with training in numerous developmental therapies to support children with learning disabilities. She focuses on building the underlying foundations necessary to learn. To be successful academically, perceptual abilities such as vision, hearing, memory, processing and focus need to be in place. When you improve a child's ability to perceive accurately, you see true gains across the entire curriculum. Most importantly, children's self-esteem and motivation soar.

Paulette has worked in the autism field as a consultant/therapist for the past 10 years. Trained as an RDI (Relationship Development Intervention) Consultant, she coaches parents to become effective guides so they can fill in the missing developmental gaps that make life challenging for their children. In doing so, they improve their child's social, emotional, and cognitive deficits and propel development forward.

Every child has the ability to learn and do well, she says. The key is to find and target the missing developmental pieces that are holding them back.

Jennifer Noel & Natasha Talbot

Beauty & Body

Jennifer Noel is the proud owner of Beauty & Body located in the heart of Downtown Georgetown. Jennifer has been a resident of the community for 18+ years and it only made sense to her to start a wonderful business in the town she loves! Beauty & Body specializes in Eye Lash Extensions, Spray Tanning, Waxing, Nails & Micro Blading. I wanted to create a nice comfortable atmosphere that was fun with an Everybody knows your name feel says Jennifer. The Salon has been by appointment only but is now opened for the public. Natasha Talbot is Jennifer's right hand when it comes to Eyelash Extensions and Micro Blading. Micro Blading is a technique that is a semi permanent procedure creating fuller brows that will last 1-3 years! Fully licenced and former extension/micro blading instructor. Natasha is an expert in her field and loves seeing the results of her clients. I love my job! I like seeing people's facial expressions of pure happiness after the transformation is done says Natasha. Stop into Beauty & Body for the perfect enhancing experience.

Dr. Robert Hirst and Dr. Kevin Street

GEORGETOWN DENTAL CLINIC

Georgetown Dental Clinic has been providing quality dental care since 1986. Drs. Robert Hirst and Brian Markham founded the clinic and where partner together until Brian retired in 2007.

Dr. Hirst moved to Georgetown shortly after the clinic opened and continues to live here with his wife and three boys. He is very active in the community and will continue for years to come.

Dr. Hirst has been committed to our community for many years. You will see his name along with the GDC logo on many local sports teams. He also contributes to various charity events.

The goal of our Clinic is to provide the highest technical dental procedures to our clients. We strive to treat even the most apprehensive of patients with high levels of asleep dentistry.

Dr. Kevin Street was raised in the area and joined Dr. Hirst in 2011 after graduating from U of T Dental School. Kevin attended Lynn University in the United States on a soccer scholarship and won an NCAA championship. He continues to be very active in sports and hopes to bring his experience to the local level.

You will recognize many of our staff as local members of our community. Several members of our team have been with us for over 20 years and we continue to grow with new staff.

We continue to welcome new patients and very much appreciate the support of all of our clients. We pride ourselves on referrals from existing patients and continue to believe that Word of Mouth is the highest compliment.
