**OPTOMETRY WEEK:** Wellington-Halton Hills MPP Ted Arnott joins optometrists Dr. Bruce Foley and Dr. Joel Schaefer at Modern Eyes Optometry for a behind-the-scenes look at the technology they use and important role they play as primary eye health providers. Arnott was there for Optometry Week and received a detailed explanation about the tools, education and expertise local optometrists use to detect, manage and treat vision and eye health issues, including urgent eye issues, in a timely manner close to a patient's home. Comprehensive eye examinations are recommended every one to two years for adults and annually for infants, children and seniors. Photo by Kathryn Boyle
