41 vehicles to make Canadian premiere at AutoShow

Audi R8 Spyder

The new R8 Spyder V10 combines impressive performance, sporty elegance and the thrill of open-air driving. With 540 horsepower, this 5.2 V10 FSI engine performs. With the top down, prepare to rocket from 0 to 100 km/h in just 3.6 seconds, listening to the glorious noise from the mid-mounted, naturally aspirated engine. With 7-speed S-tronic and a top speed of 318 km/h, it is a sound track you'll want to play on repeat.

TT RS

Audi includes all the modern performance upgrades in its arsenal to make the TT RS one wicked sports coupe. The 2.5-liter turbo five makes 400 horsepower and drives all four wheels through a seven-speed dual-clutch automatic; we estimate a 0-60 time of 3.6 seconds. Steering-wheel-mounted ignition and drive-mode selector switches, a fixed rear wing, gaping front intakes, and large oval-shaped tailpipes separate the RS from other TTs.

SQ5

Whether you yearn for sporty performance, luxurious comfort or the versatility of an SUV, the Audi SQ5 is engineered to exceed your expectations. You'll experience an impressive 354 horsepower and 347lbs-ft of torque, plus an 8-speed Tiptronic transmission that reduces fuel consumption, yet is flexible enough to allow dynamic, sporty acceleration and low-rev, high-speed cruising. The screen of the Multi Media Interface (MMI) is always in view. The optional MMI Navigation plus with 3D map visualization features a 7-inch screen, CD and DVD compatibility, voice recognition, and Bluetooth streaming audio.

BMW 5 series

The formula for success continues with the seventh generation BMW 5 Series. Thanks to the available state of the art chassis systems including Integral Active Steering, Driver and Parking Assistance Systems and Adaptive Mode, the all-new BMW 5 Series defines the athletic and executive design
