¹No payments for 90 days (payment deferral) offer is available on any new and unused Honda Civic model financed between February 1st, 2017 and February 28th, 2017 at participating Ontario Honda Dealers. Offer applies only to purchase finance offers on approved credit through Honda Financial Services Inc. Monthly payments are deferred for 90 days. Contracts will be extended accordingly. Interest charges will not accrue during the first 90 days of the contract. After 90 days, interest starts to accrue and the purchaser will be required to repay the principal and interest monthly over the term of the contract, but not until 90 days after the contract date. Offer ends February 28th, 2017 and is subject to change or cancellation without notice. Limited time lease offers available through Honda Financial Services Inc. (HFS), to qualified retail customers on approved credit. Weekly payments include freight and PDI (\$1,595), EHF tires & filters (\$18.75), A/C charge (\$100), and OMVIC fee (\$10). Taxes, licence, insurance and registration are extra. ²Representative weekly lease example: 2017 Civic LX Sedan 6MT (Model FC2E5HE) // 2017 Civic LX Coupe 6MT (Model FC4A5HEZ) // 2017 Civic LX Hatchback (Model FK7G2HE) on a 60-month term with 260 weekly payments at 2.99% // 2.99% // 2.99% lease APR. of a true sport sedan. Featuring a new user interface (iDrive 6.0), Gesture Control, the latest generation of Head-Up Display and an improved Voice Control with natural voice input, the 2017 BMW 5 Series marks a new era of personalized connectivity.

MINI Cooper SE Countryman All4

Bigger, more adventurous, and for the first time ever, electrified, the all-new MINI Countryman is the first model of the British brand to be available as a plug-in hybrid. The MINI Cooper SE Countryman ALL4 is powered by both a three-cylinder MINI Twin Power Turbo gasoline engine as well as an electric motor. Twenty centimeters longer than its predecessor, the new Countryman provides considerably more space for cargo, people and anything else you may need for your next big adventure. The change of generation exhibits clear advancements in the areas of versatility, efficiency, and premium quality.

Ford Mustang

A host of improvements including new

technology and design changes give owners ways to customize Mustang to their preferences, even better performance from more powerful engines and new MagneRide suspension technology. The proven 2.3-liter EcoBoost four-cylinder engine continues to offer outstanding performance advantages versus the outgoing 3.7-liter V6. Using Ford's transient overboost technology uniquely calibrated for Mustang, torque is increased for wide-open throttle acceleration. Ford's legendary 5.0-liter V8 engine has been thoroughly reworked. It is more powerful and revs higher than any Mustang GT before.

F-150

Three years after first introducing the high-strength, military-grade, aluminum-alloy-bodied Ford F-150, the new F-150 arrives with bold new front and rear styling, advanced technologies - including available Pre-Collision Assist with Pedestrian Detection - and improved engines. The new engines include an all-new 3.0-liter Power Stroke V6 turbo diesel and enhanced V6 and V8 gas engines. A high-strength steel fully
