

WANTED

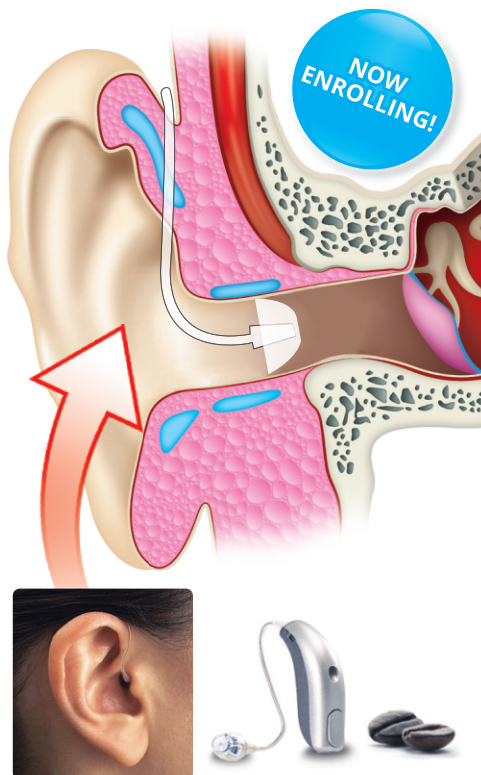

30 PEOPLE WITH HEARING LOSS
Qualified Participants Needed for Technology Field Test

We're looking for people like you, who may be experiencing difficulty hearing in noisy environments to evaluate a remarkable new digital hearing aid and a rehabilitative process that could be the solution to your difficulties. There's no cost or obligation to participate!

Call us toll-free today to see if you qualify for this Field Test. Potential candidates will be given a FREE hearing test to determine their candidacy.

Selected participants will be given a FREE in-office demonstration and the opportunity to evaluate the latest, most advanced hearing aid technology for 30 days. This latest digital technology solves the biggest challenge for hearing aid wearers – hearing well in noisy environments.

Nobody will notice it because of its minute size, fitting snugly and comfortably just behind the ear. Everything works automatically, so you can get back to enjoying your relationships, rather than thinking about your hearing. Following your 30 day Field Test, these hearing aids will be available for purchase, including everything you need for 3 full years.
