

Use caution near waterways

The spring thaw and recent rains have left the ground saturated and high water levels in ponds and streams. Caution should be used near any bodies of water as banks can be unstable.

Widespread flooding is not anticipated, however fast flowing water and flooding of low lying areas and natural flood-

plains may be expected.

Conservation Halton is asking all residents and children to stay away from all watercourses and structures such as bridges, culverts and dams. Elevated water levels, fast flowing water, and slippery conditions along stream banks continue to make these locations extremely dangerous.

LIVING LEGACY: As part of the Canada 150 Trees for Veterans initiative, the Town of Halton Hills will be planting 260 trees in parks across the community with special tree tags attached to them. These tags accomplish a variety of objectives; Celebrating Canada's 150, the Community Covenant recognizing veterans and their contributions and also acknowledging CN for the funding provided to assist with this program. Last Tuesday was the official launch of this initiative with a tagged Sugar Maple being planted at Prospect Park by Paul Jorgenson of Tree Canada, John Hurst, Dave Maclean, Mike Albano, Les Bentley, Peggy Harris, Bob Harris, Sue Thomas, Peg Graham, Dave Maloney, Cathy Munday, Ted Brown, Frank Single. – Harry Rudolfs photo
