## Local lavender farm recognized as one of Canada's 150 gardens

By: Jane Dougan

Canada's 150<sup>th</sup> birthday is a time to celebrate the country in all its diversity including landscape and gardens. Family owned Terre Bleu Lavender Farm located on 25 sideroad just outside of Acton was recognized by The Canadian Garden Council and the Canadian Nursery Landscape Association at a recent luncheon in Toronto.

Terre Bleu will join the prestigious group, Canada 150 Garden Experience Designate, specially selected by a juried com-

mittee and Prime Minister Justin Trudeau. Their lavender plants will be featured at Rideau Hall in Ottawa, Butchart Gardens in Victoria, Annapolis Royal Historic Gardens in Nova Scotia and the International Peace Garden in Manitoba.

"Canada's 150<sup>th</sup> anniversary is a wonderful opportunity to come together and celebrate our pride in this country's beautiful and inspiring landscape," said Ian Baird of Terre Bleu. The farm is Ontario's largest lavender farm with over 35,000 plants.

## Project Safe Commute results

On Wednesday, March 29 officers from the services three District Response Units teamed up to target identified high risk roadways within the Towns of Milton and Halton Hills. This was in recognition of the concerns that Halton residents have regarding aggressive driving particularly during the morning and afternoon commutes.

Officers targeted those driving behaviours that place road users at the greatest risk namely distracted driving, aggressive driving, drivers and passengers failing to wear seatbelts and speeding.

During the day officers dedicated a combined total of 76 hours of enforcement to 13 identified high risk zones within Milton and Halton Hills which generated 171 separate police events. From those events a total of 90 charges were laid. The charges ranged from distracted driving, speeding, interfering with traffic and impaired operation of a motor vehicle.

What follows are a collection of quotes obtained from drivers that were stopped for a violation:

**Speeding** – "OK let me explain, I was out on a test drive and yeah I pushed the gas"

**Distracted Driving** – "My phone rang 3 times and I didn't answer it. I answered it when it rang again and told her I was

driving and she was going to get me arrested, 3 seconds later you were knocking on my window."

**School Bus Violation/ Speeding** – "I was following a truck so I didn't even see the school, all these school buses and the children. What is the speed limit anyway?"

**Speeding** – "It's a rental goes much faster than my own car."

**Speeding** – "I was having a leg cramp and was trying to stretch it out so it caused me to accelerate."

Sgt Rudall of the 1 District Response Unit commented, "Officers were asked to make notes of the comments drivers gave to excuse their poor driving. This was done for two reasons, firstly to highlight that none of the reasons were urgent and warranted the drivers placing themselves and other road users at greater risk, and secondly to encourage a dialogue that might change driver behaviour to improve safety and the safety of the wider community.

We recognize that Halton residents are concerned about traffic safety; we will continue to do our best to charge those drivers that choose to ignore the speed limits, disobey signs and drive aggressively."
