MPP Ted Arnott presents petition seeking a new traffic light

By Laura Erne
Special to The IFP

provincial highway, said Arnott.

People are rightly concerned about safety, and we need traffic signals to make this intersection safe.

A new petition presented to the Ontario Legislature asks the Ministry of Transportation to fund and install new traffic lights at the Guelph St. and McFarlane Dr./Hall Rd. intersection in Georgetown.

Wellington-Halton Hills MPP Ted Arnott led the charge, gaining over 300 signatures.

This petition was launched in March where Arnott worked together with the Town of Halton Hills and local residents, including residents of The Sands condominium building, in an effort to make this intersection safer for both drivers and pedestrians alike.

Guelph Street through Georgetown is not only a local road, but it's also a very busy

According to the Town of Halton Hills, many residents on the south side of Guelph St. avoid the intersection altogether because of the difficulty of turning left off of Hall Rd.

Arnott urges the necessary addition of lights to help balance out the upcoming new residential development on the north and south side of Guelph St. because it will only increase the traffic through the area and make it more difficult for pedestrians such as seniors and children to cross safely.

The petition was presented in the legislature on April 24.
