Environment, Conservation & Protection

Halton Hills provides services to residents. Halton Hills is a beautiful area with many parks and recreational facilities. As our population grows, we are expanding our services to meet the needs of our residents.

Halton Hills offers a variety of services to our residents. We are committed to providing a high quality of life for all of our residents.

- If you have a private well, you should test your water regularly. Visit halton.ca/wellwater to learn more about testing your water.
- Protect your water by installing water saving devices in your home. This includes low flow toilets, showerheads, and faucets.

Visit halton.ca/putwasteinitsplace to learn more about proper waste disposal.

- Halton Hills has rain barrels available for purchase. Visit halton.ca/rainbarrels for more information.

For more information on water conservation, visit halton.ca/rethinkwater.
