## Customer service and community involvement are key at Acton Optical

Acton Optical, “The Optician behind the church” at 80 Mill Street East, just celebrated its 12th anniversary of providing award-winning customer service, onsite lab services and repairs—including soldering—and a fabulous selection of individualized boutique eyewear, such as the new Redbull Spect sports line that’s just arrived in Canada. Bring in your prescription or book an appointment Wednesdays with on-site optometrist Dr. Panchal. Customer service and community involvement is in registered optician Nancy Wilkes’s DNA; she traces 40 plus years of training and experience back to growing up alongside her father’s optical business.

“Acton’s a small community; once I sell a frame, I don’t sell it to anyone else. We celebrate individual eyewear looks, unusual colours and shapes, not mass production. Customer service—that’s what we’re about. People bring in mangled glasses, we do an adjustment at no charge, including new nose-pads.”

Nancy Wilkes

Acton Optical also offers a full selection of contact lenses, industrial eyewear, sports eyewear, goggles, swim goggles and magnifiers. Check out their website at [www.aptonoptical.ca](http://www.aptonoptical.ca), phone 519-853-5133, or drop by Tuesday to Saturday—there’s plenty of parking out front.
