# Greenbelt route trailhead installed in Limehouse Conservation Area

KATHRYN BOYLE  
kboyle@theifp.ca

The Friends of the Greenbelt Foundation has partnered with Credit Valley Conservation to create a 475-kilometre route, with its features in Limehouse Conservation Area highlighted. The route, which is meant for cycling, connects communities across the Greenbelt and highlights recreation and tourism opportunities in the protected countryside.

This year, new trailhead signs were installed in Limehouse Conservation Area, featuring a map of the region, showing a range of stops for cyclists and giving some insight as to how easy it is to bike around.

The trailhead includes Georgetown, Acton, the Reservoir Marsh Lookout, Ken Whillans Resource Management area, the Terra Cotta Greenbelt Walk and the 38-km

Leathertown Spin cycling loop. "Limehouse Conservation Area is one of Halton's hidden gems, where visitors can experience the Niagara escarpment ecosystem and the rich cultural heritage of the limestone kilns from the early settlement period," Deborah Martin-Downs, chief administrative officer of Credit Valley Conservation, said.

"The area has so much to offer and we're very pleased to highlight the connections to other beautiful spots and recreational opportunities through the Greenbelt Route." Residents are encouraged to take advantage of the Greenbelt Route and to enjoy the fall colours this month by partaking in the foundation's third annual Greenbelt photo contest. This year's theme is celebrating the human connection with the Greenbelt.

Photos can be submitted at [greenbelt.ca/photo\\_contest](http://greenbelt.ca/photo_contest).

## OVERNIGHT PARKING RESTRICTION

Uniform Traffic Control

By-law No. 84-1 prohibits parking on any highway between:

2:00 a.m. – 6:00 a.m. (Daily)

November 15, 2017 to April 15, 2018

Applies to all streets under the jurisdiction of the Town of Halton Hills, unless authorized signs indicating otherwise are specifically posted. Motorists are reminded that By-law No. 84-1 also prohibits the parking of a vehicle on all Town or Regional Roads for longer than 5 (five) consecutive hours at any single location, unless otherwise specifically posted.

On-street parking hinders snow clearing and other road maintenance operations. Your co-operation is requested. Please comply with the requirements of this By-law.

**AUTHORITIES MAY HAVE VEHICLES TICKETED OR TOWED AWAY AT THE OWNER'S EXPENSE.**

Motorists should note that Parking Control Officers will be on patrol through the duration of the parking restriction period and will ticket and/or have the offending vehicle removed.

**Snow Removal**

The placing or pushing of snow or ice onto roadways or cleared sidewalks will obstruct or encumber vehicular and pedestrian traffic. Do not push snow across roadways because the trail of snow does turn to ice. The Town's Obstruction, Encumbering or Fouling of Highways By-law No. 90-68 prohibits such action.

**AUTHORITIES MAY HAVE SNOW AND ICE REMOVED AT THE PROPERTY OWNER'S EXPENSE**

Improper snow and ice clearing can be a serious hazard to motorists and pedestrians. Your co-operation is requested. Please comply with the requirements of this By-law.

The winter season will soon be upon us. Be alert for snow plows and stay back at least 15 meters behind the trucks. Please avoid parking on streets during snowstorms to assist Public Works staff with winter control.
