

Prepare for UCHS Rex to draw you in

JUDITH-ANNE KOLU

I have written animal articles for over 15 years, and once in a while there is a standout. This time, it is Rex.

Handsome Rex has been in the shelter system for quite a while, originally from Russia (Russian microchip) as well as a Kawartha Lakes dog tag.

Rex definitely has done a lot of travelling, but thankfully he has arrived at the Upper Credit Humane Society, where we have placed "heart hurting" animals many times before. This time, it is Rex's turn.

Rex is an Australian cattle dog/shepherd cross, eight years young, black and tan with merle mark-

Rex

ings, chubby at 70 pounds. Rex has become a favourite with staff and volunteers. He has his basic commands, is housebroken and has low

energy, making him easy to walk. This friendly boy would blossom as an "only child" in an adult home; he would be perfect for a couple who are home all day with a fully fenced garden. Rex enjoys toys and walks, but nothing gives him more joy than being with people. Rex brightens up when someone approaches, exuding that calm, lovely nature, still so trusting and eager to meet you.

If you could provide Rex with a permanent retirement home with lots of love, comfy beds, companionship and gentle exercise, he (and we) would be delighted. Please call the shelter at 519-833-2287 or email info@uppercredit.com to meet him.

NHKR mom Eclipse has creative personality

BARB JOHNSON

Eclipse is just over a year old and has experienced considerable upheaval in her life. She was expecting kittens when her owner moved away and left her outside.

A neighbour recognized her, realized her condition and took her in. Eclipse delivered two kittens and settled in with a small dog who helped raise her kittens.

Unfortunately, her new family were also moving and could not take her with them to another province in a van with two children and dog.

Reluctantly, the new family surrendered Eclipse and her kittens to North Halton Kitten Rescue.

Eclipse was a challenge to foster as she was understandably very protective of her kittens.

It took her a couple of months to transition from her former life to that of a safe indoor cat with no responsibilities.

Now she is a happy cat

Eclipse

and her personality has come though. And it is a huge personality! This little girl has something to say about everything, wants in on the action and insists on being with her people, especially snuggled in a lap.

Her new human family must understand cat language and do as instructed. She doesn't hesitate to scold those who do not listen and anyone persisting will receive a swat from

her tiny feet to demonstrate how displeased she is.

Eclipse is a clean cat with her food and water dishes and her litter box. She has something to say about having her nails trimmed so it is important to do this when she is snuggled and happy.

Other cats do not interest Eclipse - she would enjoy being an only cat or with older cats that do not want to engage her.

She does not care for large dogs; small sized ones are acceptable. Older teens with cat experience and adults would enjoy her conversations, intelligence and her saucy but affectionate personality. Eclipse and Autumn will be available for adoption this Saturday at Pet Valu, 375 Mountainview Rd. S. from 2-4 p.m.

The \$160 cash adoption fee includes: vaccinations, parasite treatments, neutering, microchip and a bag of food. For more information, visit www.NHKR.ca or call Barb at 905-873-8547.

These two beautiful kittens need Homes.

Pearl is available at the UCHS

Pancake is available at the NHKR
