

# Halton Region seeks input from rural Internet users

Calling all rural Halton residents and businesses.

Halton Region is conducting a survey on Internet service in its non-urban areas as part of a rural broadband study.

Responses received will help show which lo-

cations are currently underserved by broadband Internet providers and infrastructure.

The survey can be completed online at [www.halton.ca](http://www.halton.ca) in about 20 to 30 minutes, or a print version can be requested by calling 311 or 1-

866-442-5866.

The survey will be available throughout the month of November, and beyond as required.

The rural broadband study will assess Internet services in the non-urban parts of Burlington, Halton Hills, Milton and

Oakville for availability of broadband connections, consistency and reliability of connections and cost of service.

The findings will help inform recommendations to Regional Council about improving telecommunications infra-

structure and services in these areas. Staff is expected to report to council on the topic in 2018.

## Pair of suspected impaired drivers nabbed

Two people were charged in Halton Hills as Halton Regional Police pulled a total of five suspected impaired drivers off the road over the Remembrance Day weekend.

At approximately 2:30 a.m. on Friday (Nov. 10), witnesses reported that a vehicle was possibly operated by a drunk driver in Milton before a traffic stop was initiated near Division Street and Spruce Boulevard in Acton.

Charged with impaired operation of a motor vehicle and exceeding the blood-alcohol limit is Brennan Senos, 52.

On Sunday morning (Nov. 12) at about 12:30 a.m., 911 callers reported to police that a suspected impaired driver was in the area of Trafalgar Road and Princess Anne Boulevard.

Anastasija Kondrasova, 26, of Mississauga is charged with impaired operation of a motor vehicle and exceeding the blood-alcohol limit.

Please keep our community clean!

## NOTICE OF PUBLIC INFORMATION CENTRE

### MUNICIPAL CLASS ENVIRONMENTAL ASSESSMENT STUDY

#### John Street Wastewater Pumping Station

#### Georgetown, Town of Halton Hills

#### PR-2987A & PR-2987B

#### Background

Halton Region is undertaking a Municipal Class Environmental Assessment Study for the John Street Wastewater Pumping Station in the Town of Halton Hills. The John Street Wastewater Pumping Station is nearing the end of its useful life and requires significant capital upgrades in order to maintain the station in a state-of-good repair.

A wide range of servicing alternatives have been considered, including a new station and upgrading the existing station to address wastewater conveyance requirements in the vicinity of the John Street Wastewater Pumping Station. The impact of various alternatives on social, cultural, economic and natural environments have been evaluated and assessed during the Study.

#### Process

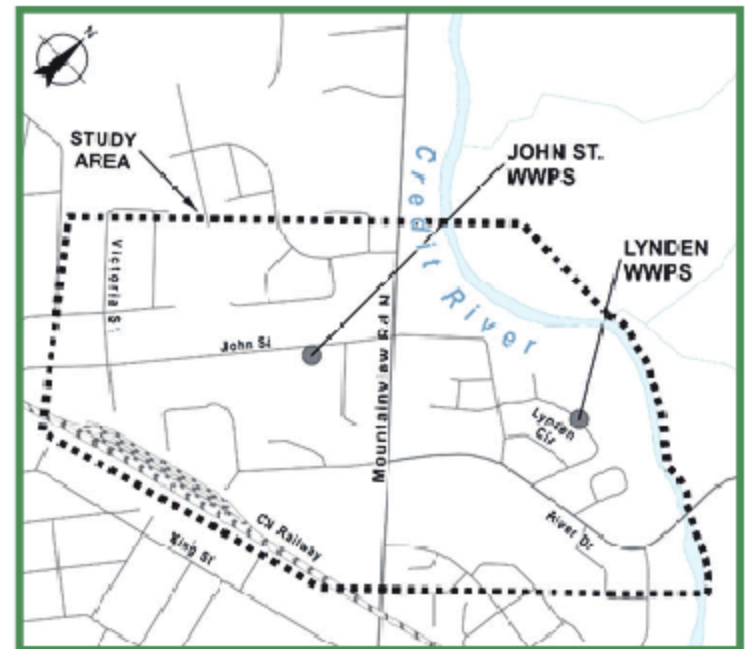

The Study is being conducted in compliance with the requirements of a Schedule B undertaking under the Municipal Class Environmental Assessment (October 2000, as amended 2007, 2011 and 2015), which is an approved process under the *Ontario Environmental Assessment Act*.

As part of the Study, a Public Information Centre (PIC) is scheduled to allow the public and interested stakeholders to learn more about the Study and provide input and comments on the recommended alternative solution. The PIC has been arranged for:

**Date:** Thursday, November 30, 2017  
**Time:** 6 p.m. – 8 p.m. (Drop-in)  
**Location:** Georgetown Public Library  
 9 Church Street, Georgetown, ON

#### Comments

If you are unable to attend the PIC and would like to provide comments, please forward them to the Project Team by December 21, 2017. Comments received through the course of the Study will be considered and documented in the Class Environment Assessment Project File Report. For more information on this Study and the consultation process, please visit the project website at [halton.ca/EAprojects](http://halton.ca/EAprojects)

The map shows the approximate limits of the Study Area.
