

The ROCKWOOD Miller

PIZZA REWARD: Bruce Malott (left) and Peter Fera of Sacred Heart Catholic School enjoy a pizza party lunch with Captain Mathew Williamson of the Guelph Eramosa Fire Department. Their class earned the pizza party by winning a special homework assignment competition on fire and road safety. The fourth and fifth grade classes from Sacred Heart and three other area schools learned about the importance of having working fire and carbon monoxide alarms, a home escape plan, what it means to get low and go, and to get out and stay out. - Les Schmidt photo

WORD IN THE VILLAGE

with Vivien Fleisher

What do you think of the NDP's promise of dental benefits for everyone should they win the Provincial election?

Andy Olejko: "Oh, absolutely."

John VanDam: "I'm covered, but for others it would be more fair."

Phil Delgadinho: "I have benefits, but I think it would be a nice thing to have, depending on the cost."

Eldon Bowles: "No. I just don't buy it. It would add too much to the debt."

ROCKMOSA OLDER ADULT CENTRE

We have been waiting for you!
