

*Are you concerned about US tariffs on Canadian imports?*

Michael Baldwin: "Yes, of course. We should be selling our raw materials to other countries or refining it ourselves."

Kyle Dorst: "I'm not that knowledgeable in that area, to be honest."

Ryan Hunt: "I don't know too much about it at this point."

Colleen Golightly: "I'm concerned about international relations. I think we should be focused on developing our strengths instead of focusing on our differences."
