

The next phase is a supportive living eight-story building (in yellow). The existing Bennett Gallery (in grey) across the street. The second similar building (bottom grey) to the Gallery has been delayed. The green will be the Bennett Health Care Centre's expanded long-term home (moved from the existing leased site at the Hospital).

# Bennett seeks more cash for next phase

**Continued from pg. 10**  
 Region that will allow another 20 units to be rented at an affordable rate (80 per cent of market value).  
 "If there are more housing funds available, we will likely apply for more because we think this type of building could operate properly with about 50 per cent of its units using affordable grants like that," Ewer said. "We think there is that significant a need."  
 The organization will also be looking at fundraising campaigns, Foundation grants, corporate sponsorships and/or partnerships.

The ground floor will have a social club/seniors wellness centre, coffee shop, pharmacy, health clinic, hair salon, plus central dinning room, kitchen, activity rooms, lounge, management and support services offices and laundry.  
 Once this plan is realized, the BHCC will focus on the existing Bennett Centre long-term care home, expanding it to 128 beds from its existing 66 beds and relocating it from the leased premises on the Hospital grounds to the Bennett Village campus across the road.

## Sun-sational Outdoor Event

Saturday, July 13th, 2013  
 12 - 4 pm
