## Testimonials

trusted for over 20 years

I've been using The Carpet Palace for over 10 years and I can recommend them with complete confidence. Customer service is first-rate, prices are very competitive and the work is always completed on schedule. Steve and George are very knowledgeable, reliable and a pleasure to deal with. Thank you and keep up the excellent work! - T.B. (Georgetown)

I have used Carpet Palace for 3 different jobs in the 6 months, at home and at work. I shopped various places for price and selection and tried out George and Steve. The work was perfect, they personally inspect everything, and their installer not only did a good job, but cleaned up afterwards. I strongly recommend them. - D.D. (Georgetown)

"It is not often these days you find a small business who listens, cares, and really comes through in the end with a top notch result BUT the Carpet Palace is one of them! You can sense the passion the Carpet Palace has. You can feel the desire to please. Compared to all the other companies we looked at, the Carpet Palace was by far the most flexible, best value, and most knowledgeable..." P.G. (Brampton)
