DATE: March 5, 2013
TIME: 7:00 P.M.
LOCATION: Council Chambers, Civic Centre
1 Halton Hills Drive
Halton Hills (Georgetown)

Town of Halton Hills Council will hold a statutory public meeting to discuss draft Official Plan and Zoning By-law Amendments pertaining to stand alone aggregate related uses in the Town.

On April 2, 2012, Town Council approved the undertaking of a Stand Alone Aggregate Related Uses Study and passed an Interim Control By-law to allow for the review and development of appropriate land use policies related to stand alone aggregate related uses including asphalt plants, concrete batching plants, and aggregate transfer stations in the Town.

Proposed Town Wide Amendments

Town wide Official Plan and Zoning By-law amendments are proposed to introduce specific policy and land use regulations pertaining to asphalt plants, concrete batching plants, and aggregate transfer stations in the Town including:

- Directing concrete batching plants and aggregate transfer stations to the urban employment areas of Acton and Georgetown, and the Mansewood rural industrial area, subject to criteria.
- Requiring an amendment to the Official Plan and the Zoning By-law for the establishment of an asphalt plant in the Acton and Georgetown employment areas.

Additional related wording and technical changes, such as new definitions, are also being proposed as part of the amendments, including policies and zoning provisions pertaining to outdoor storage uses.

While the proposed Official Plan and Zoning By-law amendments have town-wide application, they relate principally to the following lands in the Town:

- All lands designated General Employment Area, Rural Industrial Area, or Mineral Resource Extraction Area under the Town of Halton Hills Official Plan.
- All lands zoned Employment One (EMP1), Rural Employment (RU-EMP), or Mineral Aggregate Resources (MAR) under Town of Halton Hills Zoning By-law 2010-0050 as amended.
- All lands that remain subject to Zoning By-law 74-51 as amended, in the Town, and in particular those lands zoned General Industrial (M1).
- All lands that remain subject to Zoning By-law 57-91 as amended, in the Town, and in particular those lands zoned First Industrial (M1) and Second Industrial (M2).

Proposed Site Specific Amendments

In keeping with the proposed policy direction to

expeditiously re-designate and re-zone MAR zoned properties that are no longer licensed under the *Aggregate Resources Act*, site specific amendments to the Official Plan and Zoning by-law are also proposed for two former aggregate extraction sites in the Town, as follows:

- Location: 12942 Highway 7, Halton Hills (Esqueying)
Part Lots 26 & 27 Concession 7 (Esqueying), Town of Halton Hills

Proposed Amendments:

To re-designate from Mineral Resource Extraction Area to Escarpment Natural Area, Escarpment Protection Area, and Escarpment Rural Area under the Town of Halton Hills Official Plan, consistent with the Niagara Escarpment Plan as amended by Amendment No. 192.

**COMMON QUESTIONS
ABOUT TINNITUS - PART 1**

WHAT IS IT?

Tinnitus is a subjective experience where one hears a sound, ringing or noise when no external physical sound is present. Some call it "head noises", "ear ringing," or other similar things.

WHAT CAUSES IT?

There are many causes; indeed almost everything that can go wrong with the ear has Tinnitus associated with it as a symptom. Things as simple as wax against the eardrum to very serious items such as tumors on the 7th facial nerve can produce Tinnitus. Meniere's disease has Tinnitus associated with it. One of the most common causes of Tinnitus is exposure to excessively loud sounds such as shooting, chain saw, rock concerts, or other loud noises.
