

Take part in Earth Hour

Since 2008, our community has collaborated to make Earth Hour a success by participating in this world-wide event by recognizing the need to take action against global warming.

Turn off any unnecessary lights and reduce your energy consumption on March 23, between 8:30 and 9:30 p.m. These practical actions will again demonstrate that it is possible to take meaningful local action against climate change. Building on our past successes, it is important that we take actions throughout the year to benefit the environment. Over the past five years, the Town has saved enough electricity to power roughly 17,200 homes for one hour!

I once again encourage the participation of our residents, businesses and community organizations. Participation in Earth Hour will help implement the Town's Green Plan and continue to move all of us towards a more prosperous future with an even higher quality of life.

Recently the Halton Hills earned accreditation for the Hi-Five recreation program which sets the benchmark for excellence in providing quality sports activities. We are honoured to have been chosen as one of the 17 municipalities in Ontario.

Community Heritage Ontario (CHO) keeps the community aware and engaged on matters of heritage.

Rick Bonnette

CHO has a website, www.community-heritageontario.ca that is meant to give the Municipal Heritage Committees (MHCs) a voice and a place where the MHC members can obtain educational material, as well as share information with other MHCs and the public, on their successes and failures.

Congratulations to Graeme Goebelle (Mr. Halton Hills) who was named Georgetown's 2012 Citizen of the Year by the Lion's Club. Graeme has volunteered for more than 47 years in our community. He is truly an inspiration to all of us!

Congratulations to Johnson Associates Real Estate on their opening in Acton.
