

Garbage Tag Program

By recycling and composting more you will have less garbage. Therefore, starting April 1, 2013, Halton will decrease the garbage limit and introduce "garbage tags" for garbage above the new limit.

Starting April 1, 2013, you may place three garbage bags/cans or less at the curb every other week. More than three garbage bags/cans will require a "garbage tag," up to a total of six garbage bags/cans maximum (three untagged, three tagged). The maximum weight per garbage bag/can is 23 kg (50 lbs).

To help you transition to this new program, garbage tags are complimentary and available at select retail locations and municipal buildings. Garbage tags can also be ordered online at www.halton.ca/garbagetags. Complimentary garbage tags can be used from April 1 to September 7, 2013. All complimentary tags expire September 7, 2013.

Starting September 9, 2013, garbage tags will cost \$2 per tag and can only be purchased in sheets of five tags (\$10 per sheet) at select retail locations and municipal buildings, and can be ordered online at www.halton.ca/garbagetags. Those tags will not expire.

Your first garbage collection after Christmas Day (December 25, 2013) will not require garbage tags; however, the six garbage bag/can limit will apply.

Garbage tags cannot be used to dispose of garbage at the Halton Waste Management Site or private transfer station. Garbage tags cannot be used in Halton Hills collection areas 1 or 2, as these areas do not receive garbage collection from Halton Region.

Did you know 85 per cent of residents already place out three garbage bags or less every other week? That means, the vast majority of Halton residents won't need to participate in the Garbage Tag Program!
