

# Audiometric Centre is now open

Locally-owned Halton Audiometric Centre is pleased to announce the opening of its new state of the art hearing clinic in Georgetown.

Halton Audiometric Centre offers patients and medical professionals in Georgetown a community solution for all their hearing healthcare needs. Services include:

- Hearing assessments
- Video otoscopy
- Custom fitting and fabrication of earmolds
- Hearing aid sales
- Adjustments & service of all makes and models of hearing aids
- Assistive listening devices
- Real ear measurement and verification of hearing aid benefit
- Continued after-care services by a local professional

Halton Audiometric Centre is the accomplishment of Georgetown residents Constantine and Darlene Karolidis. Constantine Karolidis began work as a hearing instrument practitioner in 1994 and had practiced in Mississauga for 19 years, owning and operating a chain of hearing clinics across southern Ontario.

As a hearing instrument specialist, Constantine is able to perform audiometric evaluations, and authorize hearing aids for Ministry of Health As-

sistive Devices Program.

"Being born and raised in Georgetown, I am thrilled to 'come home' and serve my community," he said.

"Helping people with their hearing is my passion. Technology is now so advanced in the areas of performance and cosmetics; no one should be suffering from a treatable hearing loss.

"At Halton Audiometric Centre we have the latest diagnostic equipment to determine where to begin. The difference with us is in the details. We spend the time to perform extended assessments and verify all of our hearing aid fittings to ensure ultimate client satisfaction.

"If you already have hearing aids, I invite you to visit us for a complimentary assessment and real ear verification to make sure you're getting the maximum benefit from your hearing aids."

Halton Audiometric Centre is open Monday to Friday 9 a.m. to 5 p.m., weekends and evenings are by appointment.

The clinic is located at 360 Guelph Street, Unit 44 in the Knolcrest Centre at the corner of Guelph Street and Delrex Blvd. Phone: 905-877-8828 or fax: 90-877-8840; email: info@haltonaudiometric.com website: www.haltonaudiometric.com
