

The Canadian Cancer Society is celebrating its 75th anniversary and the Georgetown *Relay For Life* has chosen a theme with a similar vintage, *The Wizard Of Oz!* This classic film, produced in 1939, depicts a similar journey to the one that many cancer patients take during treatment. Dorothy is scared and must travel to a place she has never been so she can get the help she needs. Along the way, she finds strength in the new friends she makes. We hope the yellow brick road will help others on the same journey and take us one step closer to finding a cure for cancer.

Relay For Life is an inspirational, non-competitive, 12-hour overnight fundraising event that brings Georgetown together to celebrate life and fight cancer. *Relay For Life* has a festival-like atmosphere that your family, friends and co-workers can enjoy regardless of age or fitness level!

At *Relay*, teams gather with cancer survivors at The Croatian Centre and take turns walking laps all night. Each team keeps at least one member on the track at all times, while all around them the party is in full swing. Teams stay overnight in the decorated tent city, united to enjoy music, food, activities and entertainment and to celebrate life.

We are looking for team captains, team members and volunteers to help before, during, and to clean up after the event. We are also inviting survivors to join us for the survivor reception at 5pm and, if able, the kick off lap at 7pm. To register for any of these please visit the website at www.RelayForLife.ca/Georgetown. *Relay* is always looking for committee members to help plan the event each year. Contact Jennifer at the Canadian Cancer Society at 905-608-8411 ext. 3827 or jtremaine@ontario.cancer.ca

This year's theme is **The Wizard of Oz**

Follow the yellow brick road to help find a cure

Georgetown *Relay For Life*
