

Bennett's Waste Disposal

Bennett's waste disposal Inc. has been serving customers in the Halton Hills area since 1991. Established originally as a rural household waste service they now have a flourishing weekly commercial bin service in and around the Halton area.

Mark Bennett, V.P. operations, spent a number of years in the waste business prior to entering into this venture.

Mark's business is truly a family affair: in addition to his father Colin, he also works with his Mother and sister. Ritchie, Office Manager, Alastair, David and Fulton round up the operations crew.

"Working with my family is fantastic" Mark says "We work together all week but still socialize on weekends."

They offer a personal service rarely seen in today's fast paced world. If you forget to put your garbage out they will wait or go to the door. Miss a couple of weeks and the office will call to see if everything is o.k. Their drivers will always slow down to pass dog walkers, hikers and cyclists on the rural roads.

"We have known many of our clients for 20 years" Mark smiles "and they often call the office just to chat to my Mom or stop us on route to discuss any issues they may have, or just to say HI"

It may take a little longer to provide this friendly and personalized approach but in the long run it pays off with phone calls and letters thanking us for just doing our job"

Remember our motto "Your Garbage is our bread and butter".

MARGARET OLAH

Margaret Olah (Kabinet Pro)

When it comes to kitchen and bathroom renovations, Margaret Olah likes to think outside the box. Margaret owns and operates Kabinet Pro, a custom kitchen and bathroom cabinet company based in Georgetown.

Margaret and her colleague Ken work closely with homeowners to design functional layouts with high-quality cabinetry for kitchens and bathrooms. The business does everything from simple countertop replacements to overseeing entire kitchen and bathroom renovations.

"Sometimes we create a different layout than the client expected because we want to make a space that works," says Margaret, a kitchen design consultant. "We think of things differently so our clients get an innovative design they wouldn't get anywhere else."

With more than 15 years of experience in the industry, Kabinet Pro has earned a reputation for quality workmanship, honesty and competitive pricing. Margaret and Ken install the cabinets themselves and can refer clients to trusted local tradespeople to complete any other work.

Whether they're doing a small replacement or a large renovation, Margaret and Ken care about each and every project. Word of their work has spread across southern Ontario with clients calling from as far away as Concord and Barrie.

"We work very, very hard to give the best product, the best price and the best service," Margaret says. "We care passionately about every job."

Jenny & Steven Humphreys

The Glen Oven Tea Room

Husband and wife team Jenny and Steven Humphreys have owned and operated The Glen Oven Cafe in Glen Williams for 5 years and were excited in April to open their second location The Glen Oven Tea Room on Main Street in Downtown Georgetown. The Glen Oven Cafe is operating as normal and provides the Tea Room with breads and a few other baked goods.

This is a busy year for the couple, with their first baby on the way and running their second business but they are thrilled with the amount of support they have received from family, friends and loyal customers.

"We are so overwhelmed by how supportive patrons of the Tea Room have been in encouraging us on our new venture. Customers have donated Tea Cups, Royal Dishware and Tea Pots which makes us realize how lucky we are to have great customers and operate a business in this community," says Steven "Local business owners of the main street have been so welcoming and helpful".

The Glen Oven Tea Room is a true reflection of Jenny and Steven's British roots. They offer an array of traditional English menu items including their famous Coronation Chicken Sandwich, Ploughman's Lunch (with cheese and meats from local store owners), as well as Homemade Salmon Fishcakes, Quiche and Soups.

The Glen Oven Tea Room offers Afternoon Teas which include their homemade scones, cakes and crustless sandwiches served with their loose leaf tea. "We hope to bring a little British flare to the downtown and look forward to welcoming people to the Tea Room" says Jenny.

Doug Wells and Ginger Quinn

GEM Health Care Services

For some it is a difficult choice to ask for help, when it comes to your health there are people who want to be there to make that choice easy for you and your family.

Making a call to Doug and Ginger co-owners of GEM Health Care Services Halton is like calling on family. "It is a privilege to be welcomed into your home and we believe it is a sharing partnership, Our Family For Yours." As an integral part of health care solutions GEM provides care in a compassionate and respectful manner in Halton since 2009.

"Halton Hills holds a special place in our hearts as we have seen both our children grow up here." Says Doug. They call this community home and strive to make Home Health Care more accommodating and responsive to the needs of those we touch.

Graduates of both McGill University and Sir George Williams University together they have a long history in sales, driving Doug and Ginger to bring customer focus to healthcare. Our nurses and personal support workers, provide the highest quality, compassionate, caring and consistent healthcare 24 hours a day.

GEM sponsors Nordixx Pole Walking and many local groups and charities. "We can and DO make a difference" Ginger exclaims proudly and stands behind GEM's commitment to treating every client as part of their family.

Dr. Kara Gray & Dr. Evan Freeman

Georgetown Animal Clinic

For over 41 years, Georgetown Animal Clinic has been an integral part of Georgetown's landscape. The past year has gone quickly for local residents Dr. Evan Freeman and Dr. Kara Gray, who took ownership in February 2012. They had already spent several years at the clinic so becoming owners was a natural progression. Together with Drs. Jessica Trites, Amanda Frank and Jeanne-Marie Palermino, they feel fortunate to have generations of Halton families passing through the door. "We love getting to know families and their pets over the years," says Dr. Kara. Dr. Evan agrees, "When I meet new clients, I look forward to creating the same relationship we enjoy with those who have known us for 20 or 30 years." Located at the intersection of Guelph Street and Mountainview Road, the clinic provides veterinary services for dogs and cats, including examinations, vaccinations, radiology, surgery and dentistry.

Dr. Kevin Young

Young Dentistry

For many Halton Hills residents, Dr. Kevin Young is a familiar face. The local dentist, who opened Young Dentistry in 2010, was born and raised in town and has already spent many years working in Georgetown. "I like seeing familiar faces come in and I like the fact that I can provide a service to the town where I grew up" says Dr. Young, who graduated from The University of Western Ontario's dental program in 2003.

For Dr. Young, going into the health care field was a natural choice. His grandfather and both parents chose pharmacy as a career and Young's Pharmacy has been the family business for many years. "I wanted to do something different," Dr. Young says. "Dentistry was a good fit because it combines science and health care with working with my hands and helping people."

Young Dentistry has recently added to the broad range of services already offered. Invisalign "Invisible Orthodontics" and VELscope Vx oral cancer screening technology are now available in-office.

Dr. Young has made the office friendly and welcoming for families, with kid-friendly features like movies and video games.

"It's been a wonderful experience being able to start with a blank sheet of paper and build what I think is an ideal dental practice," Dr. Young says.
