

Georgetown Lions Club seeks nominations for Citizen of the Year Award

Since 1973 the Georgetown Lions Club has honoured those in the community who volunteer to make Georgetown

such a great place to live with the Citizen of the Year Award.

Individuals, couples or organizations are eligible to re-

ceive the award and the Lions Club is asking the public to nominate those special people who qualify.

The award can be given to an individual, couple, group or organization that has served our community as an outstanding volunteer, in sports, culture, health or social services. Many times the recipients have volunteered in multiple organizations over many years. Each year the selection committee is amazed at the level of commitment

that these worthy volunteers have shown to the community.

To nominate an outstanding volunteer send a letter or if you prefer use Lions' application form and return it to Lions Club Citizen of the Year, P.O. Box 73, Georgetown L7G 4T1, or email dpenrice@sympatico.ca by Monday, February 17.

Past nominations are carried forward for two years and will be reconsidered. This is your chance to truly recognize someone in the community

that makes a difference in the lives of many in our town.

The awards dinner will be held Tuesday, March 25, in the Heritage Hall at the Mold-Masters SportsPlex with presentations from the Lions Club and all levels of government. For more information contact Lion Doug Penrice, 905-873-8469.

The Lions Club is Georgetown's largest service club. Club members meet the first and third Tuesday of each month.

SMILE ADVICE

There is just something about a smile. You see someone with a big goofy smile or even the faintest hint of a grin, on his or her face and you can't help but smile back; a smile is something you always want to return to sender. It doesn't matter who's smiling, either it is your best friend, your spouse, a baby, a dog, the supermarket cashier or a movie star. A smile is infectious in the nicest way! Best of all, a smile is 100 percent natural. Babies smile almost from birth. Infants (even some as young as two days old) tend to smile at faces. By the time they

are one year old, babies are able to recognize the important people in their lives, and many have a special smile for these individuals. And smiling is not necessarily something we learn by imitation. According to Frank McAndrews, psychology professor at Knox College in Galesburg, Illinois, babies who can't see, smile, just like everyone else. It seems our faces were made to smile! So next time you see someone without a smile, give them one of yours, because no one needs a smile more, than he who has none to give.

WE BUILD BEAUTIFUL SMILES!

Consultations are always free!!
